### Brattleboro Retreat

The Brattleboro Retreat is a private, not-for-profit psychiatric hospital and residential treatment center offering inpatient, partial hospitalization and community-based outpatient services to clients of all ages. In all of our programs, expert caregivers provide hope and healing in the safety and privacy of our restorative Vermont setting.

- Vermonters make up 62 percent of those we serve.
- Fifty-six percent of our clients are financed by federal and state programs.
- In 2008, the Retreat provided over \$1.5 million in uncompensated care.

You play. Kids win.

At the Brattleboro Retreat, we've helped people find the strength to make positive life changes since 1834. That includes the many children and adolescents we serve. Now you can support our work with kids and have a great day of golf. **All proceeds from this event will go to supporting therapeutic recreational activities for children.**
