

Brattleboro Retreat

COMPREHENSIVE MENTAL HEALTH SERVICES SINCE 1834

Get help paying for health care.

We have a financial assistance program to help you afford the care you need.

What is the financial assistance program?

We give free and low-cost care to people at the Brattleboro Retreat. It is for people who are uninsured and people who have insurance with out-of-pocket costs. It can be used for ongoing care and emergencies. The care must be medically necessary for your health.

Who can get financial assistance?

To qualify:

- **There is no residency requirement for the Brattleboro Retreat’s Financial Assistance Program.**
- **Your income must be less than the limit.** There are different income limits for free and low-cost care. See the charts.
- **Your “liquid” resources must be less than the limit.** These are cash, checking and savings accounts, etc. (Your primary home, car, and retirement accounts will not count against you.)

Income limits

Find your household size and income on the charts below. For most people, your household size will be the people listed on your taxes. If you make too much money for free care, you might qualify for low-cost care.

Free care

You could get free care (pay \$0) if your household income is below 300% of the Federal Poverty Level.

In 2025, your income would need to be less than:

Household Size	Maximum Income
1 person	\$46,950
2 people	\$63,450
3 people	\$79,950
4 people	\$96,450
5 people	\$112,950
6 people	\$129,450
7 people	\$145,950
8 people	\$162,450

Low-cost care

You could get a 50-75% discount if your household income is below 301-500% of the Federal Poverty Level. In 2025, your income would need to be in this range for your household size:

Household Size	Income Range
1 person	\$62,600 - \$78,250
2 people	\$84,600 - \$105,750
3 people	\$106,600 - \$133,250
4 people	\$128,600 - \$160,750
5 people	\$150,600 - \$188,250
6 people	\$172,600 - \$215,750
7 people	\$194,600 - \$243,250
8 people	\$216,600 - \$270,750

Catastrophic care

Ask us about catastrophic care if you owe the hospital a lot of money, but your income is too high to qualify for free or low-cost care. It is for people with income that is less than 600% of the Federal Poverty Level and who owe more than 20% of their yearly income to the hospital for out-of-pocket costs. We can help you figure out if this could help.

How to apply

You can apply before or after you get services. If you apply after you get services, you must do this within one year of getting the first bill.

Follow these steps:

1. Get a free application.
